REIQ Fact Sheet Residential - General

Pool Safety Laws - a general overview

The first stage of Queensland's new pool safety laws, relating to new residential pools, came into effect on 1 December 2009. The second stage of the new pool safety laws, relating to existing swimming pools, came into effect on 1 December 2010.

Pool owners have until 30 November 2010 to meet the new pool safety standards, or earlier if their property is sold or leased before then.

The new pool safety standards require pool owners to obtain a Compliance Certificate or a notice in the approved form at the point of sale or lease for the pool associated with the property.

A certificate for a shared pool (such as in an apartment complex), will last for one year regardless of how many times a property is leased or sold; whereas a certificate for a non-shared pool (typically houses), will last for two years regardless of how many times the property is leased or sold.

Reference to the Property Occupations Act & Form 6

Under Queensland's Property Occupations Act 2014, the Form 6 outlines the terms, agent responsibilities, and your rights:

Agent Responsibilities: Details the scope of our services, including marketing, negotiations, and outcomes for you.

Termination Flexibility: Unlike traditional binding terms, allowing you to end the agreement without penalty if you're not completely satisfied.

Marketing Fees:

As per the Form 6 and our terms, outstanding marketing costs and sale fees are payable regardless of the agreement's duration. The Act allows this as an enforceable expense, especially in cases where a "pay later" option is chosen.

Director

At Gold Coast Real Estate Agents, we stand by the accuracy of our appraisals and the value of our service. Our commitment is to deliver professional, research-based property appraisals and work diligently to secure the best possible outcome for our clients. To ensure transparency and confidence, we provide the following Agent Service Guarantee:

1. Price Range Guarantee

The appraisal we provide is based on comprehensive market research, including recent comparable sales, current market conditions, and property-specific factors. We will quote a Fair Market Price Range from low to high, grounded in factual data.

- The Fair Market Price Range represents the price bracket within which the property is realistically expected to sell.
- This range is not the advertised price, as the seller and agent may elect to market the property at a higher figure to test the market.
- Selling Price Quote:
- Minimum Price: \$ _____
- Maximum Price: \$ _____

2. Performance Guarantee

For the term of the agreement, we guarantee that if we fail to secure a contract above the minimum price quoted in our appraisal, the seller will be relieved of the obligation to pay our commission.

- Exceptions: If circumstances beyond our control impact the ability to secure a sale price above the minimum price quoted in our appraisal, we reserve the right to be paid the agreed commission amount.
 - Building and pest
 - Major property defects
 - External market influences beyond our control

3. No Binding Commitment

You're not tied down. If you're not 100% satisfied with our service, you can conclude the agreement at any time.
